

Freedom Song

Jacqueline Smith, Becky O'Dell

Verse 1

1

You have released me from my bondage

5

You have defeated sin and shame

1/3

Wherever you are Lord there is freedom

4

Here in your presence I am changed

Chorus

1

You shake every prison wall

4

And you break chains I see them fall

6

At your name we know freedom's song

4

And greater things have still to come

Verse 2

1

You are still moving out in power

5

You are still hearing every plea

1/3

You are still winning every battle

4

You are still filling me with peace

1

I see you moving out in power

5

I hear you answer every plea

1/3

I see you winning every battle

4

I feel you calm the rage in me

Bridge

1 **6 5/7 1**

This is the sound of captives set free

1 **6 5 4**

This is the ground where you claimed victory

1 **6 5/7 1**

This is the place you began your work in me

1 **6 5 4**

The work You began You're faithful to complete

6 4 6 5/7 1

I am the captive that was set free

6 4 6 5 4

I stand on the ground where You claimed victory

6 4 6 5/7 1

I see Your hands at work inside of me

6 4 6 5 4

The work You began You're faithful to complete

We do not hope in vain
You answer every prayer we pray
And when we boldly pray for freedom
You do not withhold the something (Your Kingdom??)

When I was lost and desperate for freedom

You do not delight in withholding,

You do not hold back your blessing, but give us all good things

When I was slave to sin
And all my hope was lost
I cried out to taste your freedom
You pointed to the cross

Something death, grave, changed??

Sin cannot hold me any longer
My God has won the war
Where I was held in bondage
He

You're doing miracles
You're breaking chains
You will win every war
I'm free from shame
